

## Erratum

### Resilience of developing countries to shocks: Case study of WAEMU countries with SUR and VAR Approaches

Assandé Désiré Adom

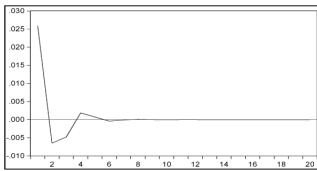

In the September 2016 *Economic Issues* (Vol. 21, Part 2), we published this paper by Assandé Désiré Adom on pp. 105-43. Unfortunately, owing to an error at the production stage, some extensive figures (9 and 10) were omitted from the hardcopy. These should have appeared following p. 123.

We reproduce the missing figures on the following pages, with apologies to the author and all our readers.
